Hours:
Monday-Saturday, 9:00 am-6:00 pm
Sunday, 9:00 am-5:00 pm

Papa Ganache, Matawan NJ

Products we tried:

Oat Milk latte (vegan) \$5

Madison: I felt like it was perfectly frothy and sweet. It was hot and overall a flavorful coffee latte.

Skyler: It's amazing! I'll get it every time, its creamy and delicious.

S'mores brownie (vegan & gluten free) \$6.50

Madison: My favorite thing about this one was the graham cracker brownie - I never have ever had anything like it. It was yummy cold or hot.

Skyler: OMG! I love s'mores and this brownie is amazing.

Chocolate chip ganache filled pie (vegan) \$6

Madison: MY FAVORITE! I am a ganache lover & this is a dream of a dessert. We heated the cookie pie on a reheat setting so it was hot but not dried out, still soft and filled with molten ganache.

Skyler: Best ganache dessert I have ever had. You would never know it is vegan.

Cookie dough cheesecake (vegan & gluten free) \$12

Madison: I really enjoyed the few bites I got of this cheesecake slice but Skyler ate the majority of the slice. I felt as though it was expensive, \$12 for one slice, but definitely enjoyed it. It was all things cheesecakes should be; decadent and creamy.

Skyler: 10/10 it was really good

Rainbow cookie cheesecake (vegan & gluten free) \$12

Madison: another one of my favorite things we bought from the bakery. It is everything you would imagine such a cheesecake to be. I would buy an entire cheesecake, they sell them on pre-order for \$65.

Skyler: also 10/10 absolutely delicious

Rainbow cookie - 7 layer cookies (vegan & gluten free) \$4 each square

Madison: I love 7 layer cookies and grew up in Brooklyn eating them from local italian bakeries. I found these cookies to be perfectly balanced with the right amount of moisture, cookie cake, almond paste, jam, and sweet chocolate

Skyler: I loved them!

Tres Leches cupcake (vegan)

Madison: I had asked the worker at the counter which cupcakes were her favorite and she mentioned the tres leches cupcake. Everything about this cupcake is absolutely

Papa Ganache, Matawan NJ

delicious. There is a milky gooey filling inside the cake, and the perfect proportion of frosting on top with candied fruit on top. Super creamy and sweet!

Skyler: The best! I have never had tres leches before but this cupcake was amazing. Honestly one of the best cupcakes I have ever had in my entire life.

Mac & Cheese (vegan) \$16

Madison: Although I find the pricing on this container to be a bit expensive, I would argue it is worth it as this mac and cheese is top of the line! Absolutely delicious and cooked well, pasta is still al dente and the breadcrumbs added great flavor.

Skyler: I would have never known this mac and cheese was vegan if I was not told. It is the best vegan mac and cheese I have ever had. Very delicious, does not have a fake cheese taste & it melts really well just like regular cheese.

Papa Ganache, Matawan NJ

How are Papa Ganache Vegan Bakery & Papa Ganache Project (PGP) Strengths Development Program connected?

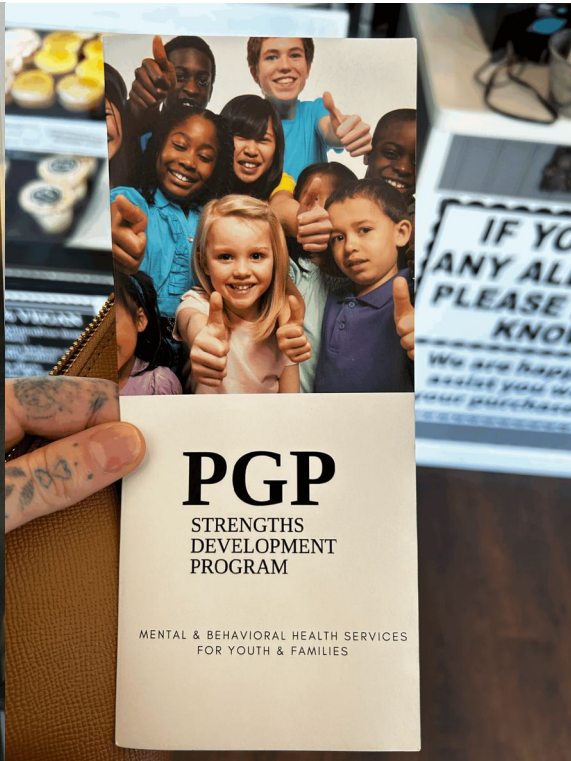

It all began in 2010, when Lisa Siroti, LCSW recognized greatness in the blending of two concepts - vegan baking and a life skills program for kids. That's how Papa Ganache Vegan Bakery and Papa Ganache Project (PGP) Strengths Development Program were born.

Combining the model of intensive in-home & in-community intervention used within the NJ Children's System of Care & blending PGP's unique spin on services to give kids, tweens, teens, young adults, parents/caregivers, and families an alternative space to meet - a bakery - to develop and strengthen skills to show them that they are more than their challenges ...

Therapy services & a vegan bakery?!

Our program has grown and changed since then. Now we use the bakery as a meeting space ... & of course we meet in home, in community, and via telehealth.

The spirit of PGP is the same: to develop & strengthen skills - emotional regulation, life skills, social skills, frustration tolerance, family communication, parenting skills, and more.
